

Dear Prospective Sponsor,

We are currently accepting website sponsors for our home-educated athletics group. four flag football teams (one elementary, one junior high and two high school teams). All the teams are comprised of home-educated youth from the metropolitan area in and surrounding Omaha. These boys will compete with other home-educated teams as well as Christian schools from Iowa, Nebraska and Kansas. Each team play about 10 games during their respective regular seasons and our high school teams will travel regionally to compete in various tournaments.

To help defray some of the costs associated with field fees as well as travel expenses, we offer you an opportunity to advertise in both our programs that are distributed at each of our teams' home games as well as a spot on our website, which averages about 1000 page views each month. This is an excellent opportunity for your company to advertise your business and at the same time support local youth programs.
